PERSONAL STATEMENT

My experience within the office equipment industry has provided me with a passion for technology, fault finding, and solving problems.
The intense 6 month diploma experience has built upon these skills and imbued upon me a love of learning.
I am excited to bring my experience, skills, and all-around-abilities with me into software development.

PROJECTS

MarketPlace App

Baby Clothes Bazaar - https://protected-shore-54205.herokuapp.com/

- Devise, Rolify, Cloudinary, Rspec, Bulma and Stripe
- Two way market place where you can buy and sell baby clothes.
